[I'm Andre Kennen M. De Guzman, I have been working on numerous projects since 2020, from indie games to a payment system for a small LLC based on the United States, I have a flexible time schedule even if I still have school and I have straight 90's on any subject related to computers since I was 4th grade when we had our first computer classes, I have also participated in a hackathon and made multiple websites.]
